

WATER QUALITY RULES, TRIENNIAL REVIEW AND RELATED TOPICS

Members of the Three Subgroups

- 1) Mercury
 - a) Business – Tim Lohner, American Electric Power
 - b) Municipal – John Chavez, City of Indianapolis
 - c) Public Interest – Charlotte Read, Save the Dunes Council
 - d) IDEM facilitator – Jon Mangles
- 2) E.coli
 - a) Business – Patrick Bennett, Indiana Manufacturers Association
 - b) Municipal – Jim Meyer, City of Gary
 - c) Public Interest – Tom Anderson, Save the Dunes Council
 - d) Scientific – Professor Ron Turco, Purdue University
 - e) IDEM facilitators – Mary Ellen Gray and Denny Clark
- 3) Antidegradation/OSRW
 - a) Business – Neil Parke, Lilly
 - b) Municipal – Art Umble, City of Elkhart
 - c) Public Interest – Charlotte Read, Save the Dunes Council
 - d) Other – Dr. Bill Beranek, Indiana Environmental Institute
 - e) IDEM facilitators – Larry Wu and Denny Clark

For each of the Mercury, E.coli and Antidegradation/OSRW subgroups, the designated teams will recommend:

- A) Participants in a workgroup.
- B) A characterization of the problem and the policy issues involved.
- C) An approach for conducting appropriate research (e.g., comparison with other states, position of U.S.EPA, needed scientific analysis/input, etc.).
- D) Timeline with milestones for work to be completed by the workgroup.
- E) An approach for participation by the public in the workgroup process.

Each team will prepare a draft workplan and submit it to IDEM by September, 19, 2002. IDEM will forward all drafts to the steering group in advance of their next meeting on October 3, 2002.
